EAST TENNESSEE STATE UNIVERSITY

# PHARMACY SHADOWING PROGRAM

## Pharmacists do a lot more than fill prescriptions.

They are on the front lines of health care. They consult with patients, answer questions face-to-face, and work on teams with other health care professionals. Not only is pharmacy a rewarding career, but according to *US News and World Report 2018*, it ranks among the top 20 best-paying careers.

Experience firsthand the impact pharmacists make every single day on patients. ETSU Bill Gatton College of Pharmacy offers college students opportunities throughout the year to shadow clinical, inpatient, and emergency medicine pharmacists at Johnson City Medical Center. The experiences are from 8:30-11:30 a.m. on the dates listed below for Spring 2019.

### TUESDAYS

Jan. 15      Feb. 26      April 2  
Jan. 29      March 5      April 16  
Feb. 12      March 12      May 7

### WEDNESDAYS

Jan. 16      Feb. 27      April 3  
Jan. 30      March 6      April 17  
Feb. 13      March 13      May 8

After completing this experience, or if encountering scheduling conflicts with the JCMC program, students are able to schedule one-on-one shadowing opportunities in ambulatory care, inpatient, specialty, and community settings.
